¹ La caja deberá colocarse al revés con la bordonera hacia arriba

Indicaciones interpretativas

Viento madera

100% sonido

50% aire/50% sonido

75% aire/25% sonido

100% aire

Flauta-Piccolo

→ Pronunciación de las consonantes indicadas de manera abrupta con la embocadura normal y dirigiendo el aire hacia el mismo

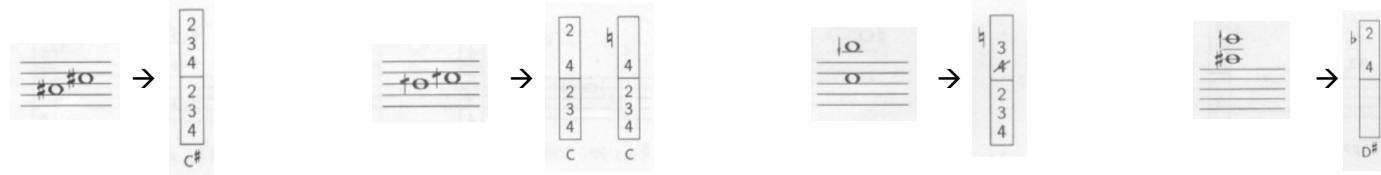

→ Con la posición de la nota indicada con cabeza de rombo se debe realizar una sobrepresión de diafragma explosiva dando como resultado una sonoridad cercana al multifónico con los parciales más agudos del espectro armónico. Se deberá buscar siempre una sonoridad múltiple de dos o más sonidos

→ Tocar la nota superior (mano izquierda) mientras se digitá las notas con cabeza de rombo (mano derecha), acompañar este último gesto con un pequeño bend. El resultado sonoro es similar a un bisbigliando irregular

Multifónicos

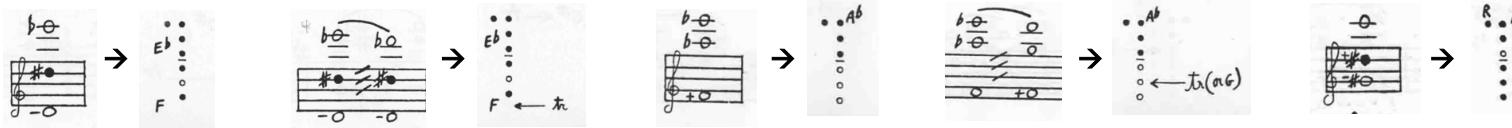

Clarinete en Sib

→ Sombra de sonido. Deberá buscarse un resultado sonoro similar al *quasi tonlos* de los instrumentos de cuerda

Multifónicos

Percusión

Caja

→ Con la misma técnica que los instrumentos de cuerda, se realizará un pizzicato Bartók con la bordonera. A más dinámica deberá realizarse el pizzicato cogiendo más tensores y viceversa

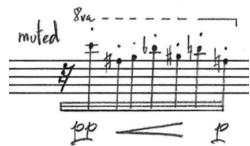

→ Rascar o arañar con las uñas de los dedos la bordonera. Es necesario usar una caja cuya bordonera tenga rugosidad. A mayor amplitud del gráfico mayor amplitud del gesto con la uña y menor velocidad; a menor amplitud del gráfico menor amplitud del gesto y mayor velocidad

Wood-Blocks

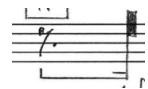

→ Superficie indicada sobre la que tocar los blocks. La línea continua indica la superficie

Piano

→ Mutear las cuerdas con una plancha a ser posible de fieltro que abarque la extensión del gesto

→ Golpear con la parte de la mano indicada sobre la partitura una de las paredes del arpa del piano. Los gestos deberán ser audibles en el conjunto del ensemble adaptando la dinámica a las cualidades acústicas de la misma

→ Silbar en el interior del arpa del piano mientras el Pedal II (sostenuto) mantiene retirado los apagadores del cluster indicado sobre la partitura. La extensión del vibrato está indicada sobre la partitura

→ Con el dedo cubierto de un trozo de goma (a ser posible de cámara de neumático de bicicleta) desplazar el dedo a lo largo de la cuerda dentro del arpa del piano con la suficiente presión sobre la misma para que el resultado sonoro sea una frecuencia extremadamente aguda

Cuerdas

Ord → Ordinario

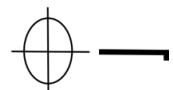

SP → Sul ponticello

xSP → Extremo sul ponticello

 → pizzicato Bartók

 → frenar de manera abrupta la vibración de la cuerda

Indicación escénica general

→ Mantener la tensión escénica sobre el instrumento, incluido el director –si lo hubiera–. Los intérpretes que no estén tocando previo a la indicación deberán colocarse durante la indicación con el instrumento preparado como si fueran a tocar de manera inminente.

This musical score page contains six staves of music for various instruments. The first three staves (Flute, Clarinet, and Marimba) are grouped together. The Marimba staff contains the instruction 'hard sticks' above the notes. The fourth staff (Percussion) and fifth staff (Piano) are also grouped together. The last two staves (Violin and Cello) are grouped together. Measure 20 begins with a dynamic of *mp*. The Marimba and Piano both play eighth-note patterns. The Percussion and Violin both play sixteenth-note patterns. The Cello plays eighth-note patterns. Measure 21 begins with a dynamic of *p*, followed by *mp* and *mf* dynamics. The Marimba and Piano continue their eighth-note patterns. The Percussion and Violin continue their sixteenth-note patterns. The Cello continues its eighth-note patterns. Measure 22 begins with a dynamic of *mp*, followed by *mf*. The Marimba and Piano continue their eighth-note patterns. The Percussion and Violin continue their sixteenth-note patterns. The Cello continues its eighth-note patterns. Measure 23 begins with a dynamic of *mf*. The Marimba and Piano continue their eighth-note patterns. The Percussion and Violin continue their sixteenth-note patterns. The Cello continues its eighth-note patterns.
